

**ROSEVILLE PUBLIC LIBRARY**  
**Erin Auditorium Use Policy**

The main function of Erin Auditorium is to provide space for programs sponsored by the Roseville Public Library and its two associate organizations: The Friends of the Roseville Public Library and The Roseville Historical and Genealogical Society. In addition, the auditorium is also intended for use by the City of Roseville to provide a reception area for its activities and a training site for City employees.

Because of the present short-staffing of the City of Roseville Maintenance Staff, the auditorium is currently not available to other groups.

Adopted by the Roseville Public Library Commission
